Mr. Chad Ebbert, President  
Precision Painting  
P.O. Box 313  
Urbana, IL 61803

Dear Chad:

I wanted to take this opportunity to convey our total satisfaction regarding the outside house painting you completed for our residence this late Fall.

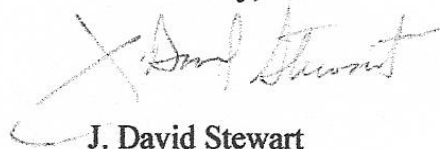

Despite the difficulties of navigating the challenges presented by unpredictable days of cold and rainy weather, your painting crew stayed with the job on consecutive days that weather permitted. They did a first-rate professional job from thoroughly preparing the painting surfaces, covering areas to prevent paint drips/overspray, applying the paint evenly and consistently, and cleaning up the job site daily.

The end result was a very fine job done at a very reasonable cost for the work involved. As you know, we are so satisfied with your work that we have engaged your firm to resume inside painting and wallpaper removal at our residence just after the holidays. I cannot think of a better way to express our satisfaction than continuing the work with your firm on our house. I expect that this will be an ongoing contract for work as we have several rooms to completely redecorate.

Please accept this letter as our strong favorable recommendation for your firm, and feel free to publish or use it in any manner that you deem appropriate and helpful to your business.

Best regards.

Sincerely,

J. David Stewart
