To Whom it May Concern:

My husband and I were very pleased with the exterior painting of our home in June 2006.

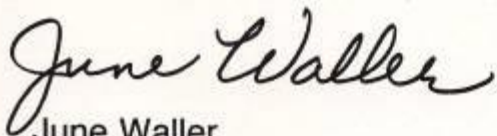

We were new residents of Champaign when Chad arrived at our door enlisting jobs for the summer. His presentation and letters of recommendation were impressive.

We were very happy with the preparation work and the care shown by the crew. Their overall effort to please was also impressive. The house looks great and even the neighbors commented on the care and "prep" work done by the crew!

Sincerely,

Ashton Waller
