To Whom It May Concern:

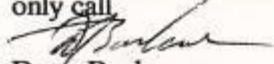

I am writing this letter of reference to relay how pleased my family and I are with the work Chad Ebbert and Precision Painting have done on our home.

We needed the exterior of our home painted. We had seen a few houses in our neighborhood that had been painted by Precision Painting and were impressed with the outcome of their work.

Our initial meeting with Chad was quite impressive. He presented himself and his business in a very professional manner. He took his time to look over our house to construct a well-developed estimate and plan. The job included, among other items; wall repairs, pressure wash, repair to loose siding along with suggestions for trim, deck and wall colors.

We were so pleased with the quality and thoroughness of the work that was done and the employees that performed the job we pursued having the interior of our home painted. As happy as we were with the exterior painting of our home, we were even more excited at the outcome of the interior work. Precision Painting did an outstanding job with all the details involved in painting a kitchen, kitchen cabinets, family room, dining room, 3 bedrooms, office area and 2 hallways. We were particularly happy with the level of detail performed on cabinets, trim, and repairs to severely scarred walls.

We would recommend Chad Ebbert and Precision Painting for all types of home painting with out any reservation. Chad is very conscientious and customer satisfaction is a primary goal. The people that he employs are talented and enjoy their work. The small details of daily walk through and clean up speak for themselves. Our home is very important to us and when the time comes to paint again Precision Painting will be our only call.
